office@feedadd.dk**Du-Sacch® QTO Powder****Description**

Du-Sacch® QTO Powder is a complementary feed with a high content of fructo-oligosaccharides, developed for inclusion in animal feed. The product consists of elements of chicory root (*Cichorium intybus*), two saponin containing plants and turmeric (*Curcuma longa*). The ingredients are rich in mono-, di-, oligo- and polysaccharides.

In addition to being a natural taste attractant and taste enhancer, the elements in **Du-Sacch® QTO Powder** possess strong antioxidative properties.

Du-Sacch® QTO Powder can be used in extruded, expanded and pelleted feed as well as in meal feed. The product is formulated as a free-flowing powder ready to use by producers of premixes and feeds, as well as by home mixers.

Specifications
