Spiceblend Sap

Description

Spiceblend Sap is a premix developed for inclusion in feeds for all animals. The product consists of selected botanicals rich in saponins and flavour-enhancing properties.

Spiceblend Sap can be used in extruded, expanded and pelleted feeds, as well as in meal feeds. The product is formulated as a free-flowing powder ready for use by producers of premixes and concentrates, as well as by feed manufacturers.

The product is formulated in order to be used in organic production. The contents of conventional spices in **Spiceblend Sap** account for 70%.

Specifications

Contents	Fenugreek powder (<i>Trigonella foenum-graecum</i>), Licorice extract (<i>Glycyrrhiza glabra</i>) and green tea extract (<i>Camellia sinensis</i>), with sepiolite (E562), clinoptilolite (E568) and/or diatomaceous earth (E551c) as an anticaking agent and 2 % conventional rape seed oil as a dust reducer.
Appearance	Free flowing, beige powder
Stability	Minimum 12 months, when kept in unopened or tightly closed packaging
Storage	Dry, cool (below 30°C)
Packaging	20 kg paper bags

Recommended dosage

Piglets younger than 4 weeks	125-175 g / 1000 kg feed
Piglets older than 4 weeks	125-275 g / 1000 kg feed
Growers, sows	125-225 g / 1000 kg feed
Finishers	125-175 g / 1000 kg feed
Broilers, turkey poults	250-300 g / 1000 kg feed
Layers, turkeys	125-175 g / 1000 kg feed

Note: The feed additives in this product are registered in accordance with Regulation (EC) No 1831/2003 concerning feed additives and are listed in the Community Register of Feed Additives.
