Spiceblend™ Dual

Description

Spiceblend Dual is a complementary feed developed for use in feed for livestock. The product consists of selected botanic elements and a probiotic.

Spiceblend Dual contains a unique combination of different water- and fat-soluble antioxidants from sweet chestnut extract (*Castanea sativa Mill.*), fenugreek (*Trigonella foenum-graecum*) and rosemary (*Rosmarinus officinalis*).

The composition of the product makes it suitable for use in organic production. The content of conventional spices in **Spiceblend Dual** constitutes 67 %.

Specifications

Contents	<i>Enterococcus faecium</i> (4b1708) combined with natural antioxidants extracted from sweet chestnut (<i>Castanea sativa Mill.</i>) and selected compounds from fenugreek (<i>Trigonella foenum-graecum</i>) and rosemary (<i>Rosmarinus officinalis</i>), diatomaceous earth (E551C) and or Sepiolite (E562)
